MATERIAL

PREMIUM LEATHER

Selected high-quality leather with a delicate, warm touch and skin-friendly flexibility. While providing a comfortable experience, its minimalist and elegant texture elevates the overall style.

AVIATION ALUMINUM

High-performance aviation-grade aluminum, offering outstanding rigidity with a lightweight feel. Hardcore strength meets aesthetic texture for long-lasting quality.

BRIGHT SILVER METAL

Featuring bright silver metallic components with clean, refined lines and a sophisticated luster. Practical functionality and aesthetic design complement each other perfectly.

ZINC ALLOY LOGO

Zinc alloy brand identity with a substantial and refined texture. It highlights quality in the details, injecting a luxury feel and strong brand recognition into the machine.
